

BAD MAN PACKED GUN INTO COURT

And Now Faces Concealed Weapon Charge As Well As Taking Girl From Parents

Gardner Jones who lives on Howard's Creek, across the river in Clark county, must have thought when he came to Richmond Tuesday morning, that the officials of Madison county are afraid to tackle a real "bad" man, and that he could bluff them out on the charge against him of holding little 14-year-old Maggie Stone against the will of her parents, and of having used abusive and threatening language against Mrs. Stone. Anyway, Jones came into county court with a big gun in his pocket, and he now faces a charge of carrying concealed deadly weapon as well as other charges.

Although Jones was caught "dead to rights" in the court room with the gun on him, Judge Price released him on \$500 bond to come back Friday morning to answer all three charges against him. He gave a cash bond of \$200 and his brother signed a check for \$300, the remainder of the bond. Jones first came into court without a lawyer but afterward secured Attorney C. C. Wallace to represent him. County Attorney Jackson says that he will insist that the extreme maximum penalty of the law be given Jones on the concealed weapon charge alone.

Mr. Jones is charged with having taken Maggie Stone, daughter of Mr. and Mrs. Wm. Stone, who live on the W. C. Finney farm in the Shearer section, from the Black school house. The girl's parents say that when they got out a warrant against him to make him bring the girl home that Jones threatened to kill Stone and his young son if the writ was not dismissed. Mrs. Stone says that Jones cursed her "for everything he could think of" and threatened her also. They came in to get a peace warrant against him also, and the case was to have been tried Tuesday morning.

Jones came into court with a bluster and swagger and was very bold in his talk. He told County Attorney Jackson that he couldn't make him do anything, and when the peace warrant was served on him, he objected to being seached, saying he had "nothing on him." Sheriff Pete Whitlock, however, grabbed him by the arm and found a big .45 pistol in his hip pocket, and promptly confiscated it. A warrant was immediately sworn out against Jones, charging him with carrying concealed a deadly weapon. County Attorney Jackson urged that he be immediately convicted on his offense and sent to jail, as it was a most flagrant offense with no defense whatever possible.

Jones, however, claimed that he needed time to make his defense to the other charges and so he was allowed to go till Friday on \$500 bond. Jones remarked that they treated people "ather rough over here." It is reported he had been considered a "bad man" over in his section. He is said to have moved to Clark county some time ago, from the mountains. He married an older daughter of Mr. and Mrs. Stone. The younger girl had been staying with them, waiting upon her sister, who had been ill, it is reported, until school began when her parents wanted her to at home to attend school. Jones is then said to have gone to the school and to have taken the child home with him. He refuses to admit he has her, and told the officers they would have to prove it on him. The teacher, Miss Williams, and a number of pupils who saw the child leave, are said to have identified Jones as the man who came and took her away in a buggy.

LODGE SPEAKS AGAINST LEAGUE

(By Associated Press)
Washington, Aug. 12—Describing the League of Nations as a "deformed experiment upon a noble purpose," Senator Lodge, of Massachusetts, Chairman of the Foreign Relations Committee and Republican leader in the Senate, declared in a Senate speech today that there were features of the league covenant which "as an American" he never could accept. Creating not a league of peace but an alliance embracing many "provisions for war," the covenant in its present form, he asserted, would kill the Monroe Doctrine, nullify any possibility of withdrawal from membership, impair the sovereign power of deciding domestic questions, and "plunge the United States into every controversy and conflict on the face of the globe."

DEMAND CHANGES IN WHEAT STANDARDS

(By Associated Press)
Washington, Aug. 12—Demands that changes be made in the government wheat standards under the price guarantee act "so as not to penalize every grower of wheat" were made today in a statement prepared by Chairman Gronna and representatives of farm organizations and approved by the Senate Agriculture Committee. The statement said a grave injustice is being done the farmer and who in "selling his wheat crop is selling his entire season's labor." The policy of the Federal Grain Corporation to "control the domestic market price against further advances" with manipulation of the system of grades, dwells in injurious of grades, has resulted, the statement asserts, to deny the farmers "access to a free market where he can secure his actual cost of production." Wheat shriveled by heat, it is explained, is graded low and brings a cut price, yet goes into the best patent flour thereby "defrauding the producers and not benefitting the consumers."

HOT MASS MEETING DEMANDS WINCHESTER SUPERINTENDENT'S SCALP
Winchester, Ky. August 12—In one of the stormiest mass meetings ever held in Clark county the resignation of Prof. O. H. Harris, superintendent of the Winchester public schools, was demanded by a crowd of several hundred men and women who assembled in the court house last night. Mrs. J. E. Grubbs, formerly president of the Winchester Woman's Club and spokesman for the women of the city who were interested in the meeting, made the demand for Prof. Harris to resign, and it was followed by adoption of resolutions charging that Prof. Harris sixteen years ago had been guilty of an act against Miss Lizzie Harris, a niece, then 13 or 14 years old.

The resolution declared that Miss Harris had made the charge against her uncle before a grand jury in Rowan county in 1903, and that an indictment was voted, but Prof. Harris was not arraigned for trial. Prof. Harris, who also is a member of the State Textbook Commission, declared this afternoon, when he learned that the resolution would be offered tonight, that he is innocent of the charge made by the young woman, and that he welcomed an investigation of the Winchester Board of Education. Prof. Harris is married and has three children. He has lived in Winchester six years.

OLD TIME BANK ROBBERY PULLED OFF IN WEST KENTUCKY

(By Associated Press)
Greenville, Ky., Aug. 12—John Wells, arrested after three men had held up and robbed the Citizens Bank at South Carrollton yesterday the authorities say, has confessed and asserted the plot was hatched in Louisville. The two other men were not captured and none of the \$20,000 in government bonds and \$8,000 in cash taken from the bank has been recovered.

The robbery took place while most of the population of South Carrollton was attending a circus. Three men poorly disguised as negroes, entered the Citizens Bank of South Carrollton, held up the employees and obtained \$7,000 and \$20,000 in Liberty bonds.

John Wells, 20 years old, was captured on Green River after a chase by several hundred men and after Mack Ashby, a policeman, was shot in the leg by one of the robbers.

A posse of several hundred men is scouring the Green river bottoms for the other men.

The bandits entered the bank when no one was present except Paul Whitmer and Irvin Barnes assistant cashiers. Calling hand-up, the robbers produced revolvers to enforce the command. The bank employees were then covered by two of the robbers while the third procured cash from the safe. After obtaining the loot the robbers attempted to lock the employees in the vault, but failed because they could not work the combination.

A passerby gave the alarm and the robbers fled. Ashby pursued them and they fired on him inflicting a slight wound in the leg. The bandits jumped into a car that had been stolen from Bud Allen, and attempted to make their escape. The car failed to operate and was abandoned. The robbers jumped out and fled to the Green river bottoms.

TEACHERS' INSTITUTE HERE NEXT WEEK

The annual Madison county teachers' institute will be held in Richmond next week. The meetings will be held in the auditorium of Eastern Kentucky State Normal School. The institute this year will be conducted by Prof. R. S. Eubank, one of the best known educators in the state and an experienced institute man. Prof. Eubank is well known in Madison county. He carried it by a good majority in the recent primary in his race for state superintendent of public instruction, in which he was nosed out by narrow margin. A full attendance of the Madison county teachers is expected as the school law requires that all shall attend institute sessions each year.

The colored teachers' institute was held last week, in conjunction with the colored chautauqua, and was a splendid success in every way. The instructor who had been engaged failed to appear at the last moment, so Prof. Edwards and Harris took charge and did some most successful work, pleasing all. Several fine addresses were delivered by chautauqua speakers, including Prof. L. H. Harris, of Louisville, and Henry A. Laine, Madison's gifted and very efficient colored farm demonstrator, of College Hill. There are 23 colored schools in Madison county and all were represented, and some fine work was done by their teachers who enter wholeheartedly into their work. Miss Giles, of Berea, had a part on the program one day and delighted all who heard her story-telling.

Washington, Aug. 12—Publication in Germany of the alien property custodian's report dealing with the seizure of enemy property in this country, has evoked a storm of criticism which an official cablegram described as "very bitter." The Frankfurter Zeitung declares it is a "sad chapter in which greed and profit-making play important parts."

J. C. Bush, a brother, of Deputy Sheriff Sant Bush, passed away at his home near Indian Fields in Clark county, after an illness of three years' duration. Mr. Bush was 56 years of age. He had been for many years a consistent member of the Baptist church at Mt. Olive. Besides Deputy Sheriff Bush here, he is survived by two other brothers, J. D. Of Interest To Foxhunters

The Lexington Leader Sunday had the following which will be of interest to local foxhunters, though few of them had heard anything about it when questioned today: Arrangements for the annual meet of the National Fox Hunters Association will be made at the Lexington fair, if precedent is followed. It has been the custom for the president to appoint a committee which has met at a given during the fair week. Jephtha Chenault, of Richmond, is president. As far as known among local foxhunters, he has not appointed the committee on arrangements, but it is expected that this will be done in the near future. Annual meets are held in November.

RAILROADER MAKES SERIOUS CHARGES

Same Same Officials Who Made Profits Before War Wanted To "Knock" U. S. Control

(By Associated Press)
Washington, Aug. 12—A. B. Garretson, former head of the Order of Railway Conductors, told the House Interstate Commerce Committee today that the operating officials in charge of the railroads during government control, were actuated by a desire to demonstrate that government ownership is not best for the country. He said "exactly the same operating force which built up a great surplus before the war, created this big deficit." Garretson advocated the Plumb plan of tri-partite control. He said it would "utterly demolish the capital account" while other plans "make a staggering load for our grand children."

If the packers' claim about the profits they make are true, the food control they are charged with having, hasn't benefited them very much, anyway. Swift & Company made a profit of only one-ninth of a cent a pound on all beef sold in Washington for the five weeks ended August 2, a Senate committee investigating high living costs in Washington was told by L. H. D. Weld, manager of the company's research department. Mr. Weld presented figures which he said showed that all expenses of packinghouse operation, freight and selling of this beef amounted to only 2 1-2 cents a pound. He also testified that other figures showed that of the total amount the company received for beef and byproducts it had to pay out 90 per cent for live cattle, and more than 9 per cent for labor, freight and other expenses. This was proof, he said, that the packers' profits had no effect on prices.

Advertising in Dog Days

Bolivar Bond, the much sought-after land salesman of Versailles, is advertising bigger than ever during the dog days, and this moves the Woodford Sun to remark thereon in a vein which would be worth while for any others having business with the public at large to ponder well upon. The Sun says: True to his policy of doubling up his advertising in the dog days, Col. Bolivar Bond speaks to the Sun's readers this week in more than three times his usual space. "Why certainly," says Col. Bond, "when people are warm and half asleep, you've got to holler louder to get their attention. You can do just as much business in summer as any other time if you have the will to do it. Summer dullness arises from a delusion on the part of many people they can't do much in July and August. You can do business any minute in the year that you are prepared to make money for the fellow you do business with. Rattle the dollars loud enough and the crowd will come. They may perspire, but show them real money, and they'll be there."

This Is Some Cow

What is perhaps one of, if not the best producing cow in the county is owned by Mr. Dillard Adams of the Waco section. Mr. Adams says that she is giving four gallons of milk a day, and he skims the milk and churns once a week. Although her two months' old calf was sold away from her the other day, and she has been worrying over it, very plainly, she is making 18 pounds of butter a week, and Mr. Adams believes that as soon as the cow comes to herself she will make 25 pounds a week. With butter selling as it is, this is some profitable bovine. Who has one that can beat her record. The Daily Register would like to hear of her and print her record. Mr. Adams calls his cow Mollie Bug and is mighty sweet on her as he has a right to be.

Beautiful Hosiery For Fine Footwear

It doesn't pay to spoil the effect of fine footwear with cheap appearing hosiery. This applies particularly in these days of short and close fitting skirts.

Because we want our customers to look like 100 cents on the dollar, we, after long study, picked out lines of hosiery which actually look as good as they are.

You will find everything here that is in style and in a wide range of prices. Not too conservative, either, but just what every sensible woman would pick for herself.

"A SPLENDID TONIC"

Says Hixson Lady Who, On Doctor's Advice, Took Cardui And Is Now Well.

Hixson, Tenn.—"About 10 years ago I was..." says Mrs. J. B. Gadd, of this place. "I suffered with a pain in my left side, could not sleep at night with this pain, always in the left side..."

My doctor told me to use Cardui. I took one bottle, which helped me and after my baby came, I was stronger and better, but the pain was still there.

I at first let it go, but began to get weak and in a run-down condition, so I decided to try some more Cardui, which I did.

This last Cardui which I took made me much better, in fact, cured me. It has been a number of years, still I have no return of this trouble. I feel it was Cardui that cured me, and I recommend it as a splendid female tonic."

Don't allow yourself to become weak and run-down from womanly troubles. Take Cardui. It should surely help you, as it has so many thousands of other women in the past 40 years. Headache, backache, sideache, nervousness, sleeplessness, tired-out feeling, are all signs of womanly trouble. Other women get relief by taking Cardui. Why not you? All druggists.

SLOW DEATH

Aches, pains, nervousness, difficulty in urinating, often mean serious disorders. The world's standard remedy for kidney, liver, bladder and uric acid troubles—

Constipation Results When Hot Weather Stops Exercise

WHEN the system has become accustomed to a certain daily routine of exercise and food, health is quick to suffer if that routine is interfered with. The bowels are first to notice the change.

Different water is enough to constipate. Changes of food when traveling, much sitting by those accustomed to long walks will do it. It is especially true that when elderly people change their routine they quickly become constipated. Yet elderly people should be particularly careful to keep their bowels open, especially during the hot months.

A better remedy for the purpose cannot be found on a druggist's shelf than Dr. Caldwell's Syrup Pepsin. It is a combination of simple laxative herbs with pepsin which trains the stomach-muscles to do their work naturally so that medicines can be dispensed with. Only a small dose is needed, and unlike harsh physics and cathartics, it acts gently and without griping.

A bottle of Syrup Pepsin can be bought at any drug store for 50c and \$1.00 the latter the family size, or a free trial bottle will be sent on receipt of your address to Dr. W. B. Caldwell, 480 Washington St., Monticello, Ill.

A RARE CHANCE

386 Acres Fine Blue Grass Land

and splendid improvements thereon, will be sold at public auction, without reserve, to highest and best bidder, on

Wednesday, Sept. 10, on Premises

AT 10 O'CLOCK A. M.

This farm front on the Richmond and Lancaster turnpike, one mile from the City of Richmond, and the E. K. State Normal School Campus—dustless road into the city—and adjoins the splendid farms of Simmons, Creech, Turley, Carnes, and the late Col. Thomas J. Smith. It lies on the east side of the pike, which is one of the finest thoroughfares in the county, having recently been tarried out from the front yard gate each morning, and telephone connection with the Cumberland Central in Richmond.

This farm is sold for the purpose of dividing the proceeds among the three owners recently coming into possession thereof. The farm is well fenced, outside and inside, and is all under a high state of cultivation, and splendidly improved. On it there is a handsome 12 room frame, metal roof residence, fine porches, concrete foundation, large, dry basement, air pressure water system, heated by hot air, furnace in basement and lighted by acetylene gas, with good garage, and all requisite out buildings. This residence has only been constructed a few years and is in good condition. Daily R. D. mail passes the front yard gate each morning, and telephone connection with the Cumberland Central in Richmond.

In addition there are also on the place four good tenant houses, with good cistern a teach, with all necessary outbuildings, yard and garden. Appurtenant to one, is a large ice house (old style). There are four large barns, one of which is so arranged that 100 to 150 cattle may be comfortably housed therein for feeding, etc. This barn has a 100-foot hay rack and a 4-foot trough corresponding, and it can easily be converted into a tobacco barn. It is now being used for both purposes.

This land is well drained, gently rolling, and abundantly supplied with wholesome stock water, (having several ponds and lasting springs). It is really one of the finest and best farms in this county of splendid farms. It is convenient to churches, good schools, and good markets. There are in Richmond two first class loose leaf tobacco warehouses, a flourishing creamery, and also the best live stock market in the state, with two well conducted stock yards.

About 250 acres of this land is in blue grass, clover, and timothy; 10 acres in tobacco; 75 acres in corn; the remainder in wheat. Also a good young orchard of apples, pears, peaches, etc. It is one of the nicest and best arranged places in the county and is a money maker. The goods are there to show for themselves. If interested, go and examine for yourself.

This farm will be subdivided and sold in two tracts, and then as a whole:

TRACT NO. 1—Contains about 193 acres upon which is located the residence above described with the barn and all necessary outbuildings. The party who gets this tract will be fortunate indeed.

TRACT NO. 2—Contains about 193 acres, is also well improved, and will make an ideal home. The plot will be exhibited and the exact acreage made known on day of sale of each of these tracts.

On complying with the conditions of the sale, the purchaser or purchasers if desired, will be granted the right of seeding the land now in cultivation to small grain this fall.

TERMS—One-third cash on delivery of deed and possession January 1, 1920; balance in one and two payments, due in one and one-half years and remainder in 3 years, bearing legal interest. Immediately after sale a satisfactory guaranty that the sales conditions will be complied with by the purchaser or purchasers on January 1, 1920, will be required. The conditions as to possession, etc., made known at time of sale.

Any person desiring to look over this property with a view to buying will be shown, or further particulars given by A. J. House or Thomas E. House, at the residence, or by mail or phone, or as to terms, etc., to

RYE ROSEN VARIETY

Was selected and improved from an envelope of Russian Rye furnished in 1909 by Mr. Rosen, a student from Russia at the Michigan Agricultural College. This variety immediately began to show its superiority and after proving its ability to double the yields obtainable with any other variety, it was widely distributed through the Farm Crops Department by Agricultural Colleges.

Rosen Rye is a stiff strawed, large headed variety, which when pure, ordinarily has four full rows of grain on over 9% per cent of its heads. It seldom winter kills and is rapidly taking the place of wheat on lighter soils and under adverse climatic conditions.

The acreage planted to Rosen Rye this fall will be enormous. Anticipate your needs and place your order now.

Get pure Michigan grown Rosen Rye. Buy, pure, original Rosen Rye. State Rosen Rye when you buy your seed.
